## Education

Rajkiya Engineering College Sonbhadra

Electronics Engineering

Batch: 2024

CGPA: 7

## Experience

TechiEco Solutions Pvt Ltd — Duration: 3 months

Oct 2023 – Current

Web Development Intern

- In my role as a Web Development Intern at TechEco Solutions, I collaborated with the web development team to create, enhance, and maintain websites. I actively utilized skills in HTML, CSS, JavaScript, React, Node.js, and MongoDB to contribute to both frontend and backend development tasks.

OctaNet

July 2023 – August 2023

Web Development Intern

- Created a Zomato clone, Personal Portfolio, and a landing page using HTML, CSS and JavaScript

CodSoft

July 2023 – August 2023

C++ Developer Intern

- Created a Cinema Ticket Booking System, Basic Calculator, and Number Guessing Game

## Projects

Social Media App | React, Node.js

- Created a dynamic social media app using React and Node.js, enabling user interaction and content sharing. Employed cutting-edge technologies for better user experience. Used Node.js for backend. Utilized React for crafting an intuitive front-end interface, enhancing user experience with dynamic and responsive features.

Implemented Node.js on the back-end to ensure efficient data processing and real-time communication, delivering a smooth and engaging platform.

E-Commerce app | React, Next.js

- Created a user-friendly e-commerce app using React and Next.js, enabling seamless online shopping experiences. Implemented responsive design for optimal usability across various devices, enhancing customer accessibility. Integrated secure payment processing and real-time inventory management for efficient transactions.

Cryptocurrency Tracker | React

- Developed a user-friendly cryptocurrency app using React, ensuring seamless navigation and intuitive design. Implemented real-time price tracking and portfolio management features for users to stay updated on their investments. Utilized React's component-based architecture to enhance code maintainability and scalability. Contributed to a responsive designs, enabling a positive user experience.

## Technical Skills

Languages: C++, C, JavaScript

Technical Concepts: Data Structures and Algorithms with C++, DBMS, Competitive Programming

Web Technologies HTML, CSS

Developer Tools: VS Code, Github, Dev C++, Replit

Technologies/Frameworks: React, Node.js, Express.js, MongoDB, Bootstrap

Soft Skills: Public Speaking, Presentation skills, Communication skills, Event Management, Team work, Group Discussion

## Achievements

Certificate of completion of internship at OctaNet

Certificate of completion of C++ internship at CodSoft

Certificate of Appreciation for managing Kavi Sammelan at college
